

2021 - 2022 PGME RESIDENT FORUM

- Select minimum one date for your program's residents to attend (September 15, 2021, November 17, 2021 or March 1, 2022)
- Participation in the forum *replaces* academic half day for that week; adjust your academic schedules accordingly
- This event is **protected** academic time for residents, ensure there is appropriate clinical coverage. Consider call protection the night before so residents can attend
- Attendance expectations for this event are similar to ADH; programs will receive a summary of their residents who did not attend.
- Programs are responsible to ensure their residents register for the event and facilitate distribution of supplies
- Program participation in this event is *mandatory*
- Ensure faculty and staff are supportive of the event and resident's participation
